

Things you need to know about the Final Exam

(Final - 12/18/2025 (Thursday 10:30a-12:30p))

Fall, 2025

The final exam will cover:

- 7. Lighting and Shadows I
 - 8. Lighting and Shadows II
 - 9. Ray Tracing I
 - 10. Ray Tracing II (Solid Modeling)
 - 11. Texture Mapping II
 - 12. Curves and Surfaces V (Surface Modeling)
- Make sure you know how to do each question on HW5, HW6, HW7 and HW8.

The final exam is an **in-person exam** (in our lecture room: 112 MMRB).

If you need extra time for the exam (if you have a letter from DRC), please send email to let me know **before Saturday (12/16/2025)**. You don't take the final exam in our lecture room, you take it at 1pm on the 3rd floor of the Davis Marksbury Building (DMB). Stop by my office (303 DMB) before 12:58pm to get a copy of the exam.

There will be **12-15** questions on the exam.

Questions?

Send me your questions by email and I will let everybody know the answers if the questions are of concern to other people as well.

A **sample final exam** will be posted on the class website shortly.

Try the sample final exam before or during the weekend to see **what types of questions you would see on the final exam.**

Solution set to the sample final exam will be posted on the class website next Monday (12/15/2025) morning.

Solution set for the Final exam will be posted on the class website at 4:30p On 12/18/2025.
